

Electrical actuator (locking device)

Product code: 550.100.000.1236

Type of driver:	Electrical gear-motor
Power supply, VDC:	12-24 (9-28)
Operational current (standard operation),mA:	700
Max. current draw (24 VDC) , A.:	40
Pulling force, max., N:	300
Type of control signal:	VCC and GND
Type of feedback signal:	VCC and GND
Pin diameter, mm.:	18
Pin stroke, mm.:	5-55
Environment humidity, %:	95 (PCB completely sealed with silicone compound).
Operational temperature, °C:	-30 ___+65
Resistance burglary,N: up to	13000
Weight, max. , kg.:	1,5
